## SERIES OF HOTEL ROBBERIES LAID TO TWIN CRIMINALS

Men Believed to Have Used  
Resemblance to Each Other  
to Escape Police.

### THEY WORKED FAR APART

When One Got Into Trouble  
Other Would Be Arrested to  
Throw Off Police.

Special to the Post-Dispatch.  
SAN FRANCISCO, Sept. 25.—The exploits of clever twin criminals who have perpetrated a series of hotel robberies in all parts of the United States by masquerading as each other is believed by the local police to have been broken up here in the arrest of Fred Brokaw, alias Fred Boley, alias R. White, who is held for extradition to Pittsburgh on a charge of robbery and assault.

Brokaw is identical in every feature and in complexion and stature with "W. R. Anderson," who is sought in Indianapolis for the murder of Joseph Schlaneky, a merchant, who was found in Anderson's room in an Indianapolis hotel, shot through the head and with a rope around his neck.

Alibi for Each Other.  
It is believed that Brokaw and "Anderson," relying on their remarkable resemblance, deliberately planned a long series of crimes, taking care that they should be in large cities hundreds of miles apart when the crimes were committed. When one man was arrested he immediately could prove that he was the other and thus escape justice. It is alleged that Anderson in this way established at least half a dozen alibis for Brokaw, and that Brokaw has returned the compliment on even more occasions.

According to the police, the two were so daring in their operations that when one of them was in "hot water" the other, half a continent's breadth away, deliberately would set himself in the way of police snafus so as to be arrested. He then would show that he was not the man wanted, and meanwhile his comrade would escape.

Brokaw declared that he would fight extradition. He gave his name as Fred Harold Brokaw, 22 years old, son of Homer Brokaw, now of Chicago. He denied that he ever had been in Louisville or Indianapolis and gave a complete account of his movements, backed up by receipts from every hotel in which he had ever stayed. The picture sent out of Pittsburgh is the criminal he identified as that of himself.

Left College to Join Navy.  
Brokaw's story was an almost unbroken account of escapades and encounters with the police from the time he ran away from college and joined the navy in 1909. He deserted from the navy, was caught and again escaped, and then toured the country with a vaudeville company. In Pittsburgh he was arrested for obtaining money under false pretenses, but the case was compromised. Later he was sent to the workhouse for vagrancy, and it was then that the picture shown in the circular was taken.

Notice that the Pittsburgh circular does not say who was robbed nor when the crime was committed. Brokaw said: "Give me the date and I'll tell you just where I was at the time of the robbery."

Brokaw said he was arrested in Washington, D. C., some months ago for obtaining money under false pretenses, but was admitted to probation through the intervention of Representative Albert Johnson of Washington.

The prisoner advanced the theory that Ellis, wanted for the Indiana murder, saw the Pittsburgh circular, noticed that it resembled the photograph and forthwith took the name of Brokaw. He said he did not know Ellis.

Brokaw Picture Identified as That of Indiana Murderer.  
INDIANAPOLIS, Ind., Sept. 25.—Working on a theory that Joseph Ellis, who they say murdered on Monday Joseph Schlaneky, a merchant here, still is in Indianapolis, the entire police force is searching rooming houses and hotels.

Audra Baker Anderson, who believes Roy Anderson, whom she married last July, is Ellis, says she met the man here and at that time was told he was a chauffeur. Mrs. Anderson, who shot herself when convinced that her husband had killed Schlaneky, is in a critical condition.

The robber, who has operated in several cities, took advantage of his likeness to Fred Brokaw, under arrest at San Francisco, to seek safety after his crimes. The detectives believe. They say it is possible that the merchant robbed in Pittsburgh identified the picture of Brokaw as the man who attacked him when he really was a victim of the man believed to be Ellis. The picture of Brokaw also was identified by Maurice Raff of Louisville as the man who robbed him last Saturday.

L. A. Vilas Made Love for Month  
When Flying With Miss  
Suzanne Wharton.

NEW YORK, Sept. 25.—L. A. Vilas, polo player, motor car racer, and amateur aviator, who is wealthy, is to marry Miss Suzanne Wharton of Plainfield, N. J. The engagement of the Chicago aviator to Miss Wharton is to be announced by Miss Wharton's parents, Mr. and Mrs. Clifton Wharton Jr., at a luncheon. Their romance is the culmination of a real aerial courtship. It is said that the couple fell in love while up in the clouds.

Vilas, who was a guest of the Whartons, at their home in the Thousand Islands, has been flying his boat at Alexandria Bay on the St. Lawrence river. Miss Wharton, an enthusiastic spectator of his flights, when asked by Vilas to accompany him upon one of his trips, accepted the invitation.

After their first trip, Miss Wharton became intensely interested in flying, and for a month, it is said, she flew with Vilas almost daily when the weather was favorable. It was during these flights that young Vilas admits he did his courting.

## FRANK M. STANZE DROPS DEAD AT THE CITY HALL

Former House of Delegates  
Member Expires in Street  
Commissioner's Office.

Frank M. Stanze of 229 East Harris avenue, former member of the House of Delegates, dropped dead in the office of the Street Commissioner at the city hall at 3:15 a. m. Thursday.

Stanze, for the last seven months, had been an inspector in the street department. He had reported for duty and was talking with Inspectors William Hull and Charles Lauer when he suddenly collapsed.

Lauer, a moment before the stroke, asked Stanze how he felt.

"Fine, fine," Stanze replied. "I never felt better in my life."

He had scarcely finished the sentence when he raised his hands to his head and exclaimed: "My head, my head."

He fell to the floor before either of the inspectors could aid him.

Stanze served a term in the House of Delegates several years ago, representing the old Nineteenth Ward. He was about 65 years old.

## ST. LOUIS WOMAN DRAWS BIG FARM IN THE WEST

Shoemaker's Daughter and  
Reality Man Here Win in Gov-

Mrs. Thomas Thain, 35 years old, of 212 Fairview avenue, was one of the winners of 100 acres of land in a Government drawing at Glasgow, Mont., Wednesday. The land to be divided is known as the Fort Peck Reservation.

Thomas P. Carroll, a real estate man here, also drew one of the lucky numbers.

Mrs. Thain is the daughter of Martin Schmidt. She lives with her father at the Fairview avenue address until about a year ago, when she went traveling in the West. She met and married Thain at Hardin, Mont., and since then has not visited St. Louis.

Schmidt, who is a shoemaker, was delighted Thursday when he heard of his daughter's good fortune, and said he would go to Montana to help her farm the land.

### MACKAY NOT TO CONTEST

He Is Expected to Stay Abroad  
With Children—Mrs. Mackay  
Posed as Nurse.

By Leased Wire From the New York Bureau of the Post-Dispatch.  
NEW YORK, Sept. 25.—Two more actions are looked for in addition to the Blake-Mackay suit for \$100,000 begun by the wife of the noted surgeon, Dr. Joseph A. Blake, against the wife of one of the best-known and wealthiest Americans, Clarence H. Mackay, the details of which were told in yesterday's Post-Dispatch.

Mrs. Blake soon will make an appeal to the courts for a legal separation from her husband, while Mrs. Mackay, it is reported authoritatively, already has taken the preliminary steps to obtain a full divorce by establishing a residence in Maine. After one year's stay there a divorce may be asked on the grounds of desertion. According to this plan, Mackay is not expected to offer a defense.

Mrs. Mackay leased a house in Portland, Me., a few weeks after her husband secretly departed for Europe last June, taking with him the three children. Before she took this step she had a long conference with Henry W. Taft, who consulted with lawyers representing Mackay.

After arriving in Portland, Mrs. Mackay went into seclusion, which she has refused to break to make any statement upon the publicity that has been given to the action begun against her, in which she was accused of having stolen the affections of a man who had married 23 years.

Mackay's attitude is explained on the ground that he desires to make things as easy as possible for the mother of his children, to whom he has been married 15 years. He was seen yesterday in England by a Post-Dispatch correspondent, but he declined to make any statement.

The same reluctance to talk characterized all others concerned in the matter. Mrs. Blake declined to be interviewed at her home in New York; Dr. Blake was inaccessible in his country place at Litchfield, Conn.; Arthur C. Train, personal counsel for Mrs. Mackay, at his summer home in Bar Harbor, Me., had nothing to say, and neither had George Gordon Battle, attorney for Mrs. Blake. Taft is abroad.

But from friends of persons concerned further details of the proceedings were obtained. Every effort to avoid scandal and sensationalism is to be made when the action comes to trial.

### Formal Language in Suit.

A reporter was told that the complaint does not exceed three pages and that it is couched in the most formal language. The specific allegation is that Mrs. Mackay caused the affections of Dr. Blake to be turned to her by means of a series of letters and visits.

Formal Language in Suit.  
A reporter was told that the complaint does not exceed three pages and that it is couched in the most formal language. The specific allegation is that Mrs. Mackay caused the affections of Dr. Blake to be turned to her by means of a series of letters and visits.

From nurses at the Nassau Hospital at Mineola, near the country home of the Mackays, and at the Presbyterian Hospital, have come stories of the presence at Dr. Blake's most interesting operations of a strikingly handsome woman dressed in a nurse's uniform, whose bearing and conduct seemed to indicate that she was not a nurse. Word got about through the hospitals that the strange "nurse" was Mrs. Mackay.

Although the Blakes have been living in New York since the divorce suit was filed, Mrs. Mackay is believed to be in Maine.

Court at St. Mary's  
Infirmary.

### HAD BEEN DESPONDENT

Two Other Persons in Ward  
Thought J. A. Junot Was Sec-  
ing if It Was Raining.

Joseph A. Junot, 53 years old, formerly of Louisville, Ky., jumped or fell from a third story window at St. Mary's Infirmary, Fifteenth and Gratiot streets, at 7:30 p. m. Wednesday, and died 20 minutes later.

The only person in the ward with Junot were a one-legged man and a bed-ridden invalid. They told the hospital attendants that Junot walked to the window overlooking a paved courtyard and said:

"Boys, I believe it is going to rain." Then the others saw him remove the window screen, but thought he meant to put out his hand to see if it was raining. They told the police he jumped from the window.

Junot entered the infirmary Aug. 17 to be treated for a tumor. Dr. Louis Rasseau said he had been despondent because his condition had not shown improvement.

When he entered the hospital Junot wrote a memorandum asking that if anything happened to him, Ernest Chadwick of 4201 Racecourse avenue be notified. He had boarded at Chadwick's home. He gave his Louisville address as 84 West Jefferson street.

Junot had been employed as a painter at the American Car Works.

Although Junot died Wednesday evening, the police did not learn of the case until Thursday morning. Dr. Rasseau says that after attending Junot, he was called to another case and neglected to report the matter until Thursday.

### PEGUOD DOES AERIAL ACROBATICS AT LONDON

Pirouettes on Tip of One Wing  
and Twice Flies With Craft  
Upside Down.

LONDON, Sept. 25.—The acrobatic French aviator, Alphonse Peguod, gave the citizens of London an exhibition of his aerial somersaults and topsy-turvy flying at the Hendon Aerodrome this afternoon.

Peguod's remarkable maneuvers began when he had reached a height of 1200 feet from the ground, where he tilted his aeroplane so that it was at right angles to the earth. He then pirouetted on the tip of one wing and did several dives with the nose of his machine downward for 100 feet before he regained his equilibrium.

The aviator then rose to a height of 3000 feet and accomplished his most sensational exploit. With a sudden swoop downward, he threw the aeroplane on its back, flew in this manner for some seconds, righted his machine and repeated the performance before reaching the ground, where he received an ovation from an enormous throng.

### TAFT MAKES A CALL ON PRESIDENT WILSON

Former Executive Also Urges  
McAdoo to Build Marble Post-  
office in New Haven.

WASHINGTON, Sept. 25.—William Howard Taft, former President of the United States, today, in the capacity of a private citizen, urged Secretary McAdoo to give New Haven, Conn., the former President's adopted home, a marble postoffice.

Whether a former Republican President has sufficient influence with a Democratic administration to have the structure built of marble instead of granite was to be decided.

When complimented upon the fact that he appeared in splendid health, the former President laughed and said: "The report that I have lost 50 pounds is a malicious lie. It is only 50."

Later Mr. Taft called on President Wilson.

## WORLD'S SERIES TO START OCT. 7 IN NEW YORK

National Commission Ar-  
ranges for Big Games.

### BANDS PLAY DAILY AT 11

Rigler, Connolly, Klem and  
Egan Chosen as Umpires—  
Prices From \$1 to \$6.25

By Associated Press.  
PHILADELPHIA, Sept. 25.—Assuming that the New York team will win the National League pennant, the members of the National Baseball Commission today decided that the first game between that club and the Philadelphia American League team for the world's championship shall be played in New York, Oct. 7.

The umpires agreed on for the series are T. H. Connolly, John J. Egan, William Klem and Charles J. Rigler.

The second game will be played in Philadelphia Oct. 8, after which the clubs will alternate between the two cities. In case a game is postponed because of rain, or from some other cause, or a legal game is not played, the teams will remain in the city where the postponement occurred until a legal game shall have been played. In the event of a legal game resulting in a tie, the two clubs will not play it off in the city where it occurred, but will move on to the next city. All games will start at 2 p. m. and there will be band concerts on each ground from 11 a. m. to 1 p. m.

List of Prices Established.  
In New York the following prices will prevail: Boxes, accommodating four persons, \$35; upper grand stand, reserved, \$3; admission and entire lower grand stand, unreserved, \$2; bleacher seats, \$1. Unreserved seats will be sold at the Polo Grounds on the day of the games. "First come, first served."

Reserved seat tickets must be purchased for three days from both clubs. In the event that three games are not played, the clubs will refund the money for the third game tickets.

Philadelphia the prices will be: Box seats, \$5 each; reserved seats in main grand stand, \$3; reserved seats, right and left field pavilions, \$2; bleacher seats, \$1.

The sale of tickets both in New York and Philadelphia will be under regulations made by the clubs themselves. The commission announced on behalf of the two clubs that mail orders positively will not be received.

Neither club will be permitted to construct extra stands on the field. No spectators will be permitted to over-look on the fields and there will be no ground rules.

Official scorers will be Francis C. Richter of Philadelphia and J. G. Taylor Spink of St. Louis.

By Associated Press.  
NEW YORK, Sept. 25.—The Philadelphia commission will have charge of the newspaper arrangements in their respective cities. Applications for seats are to be made to them.

The commission appointed Leslie H. Constant, secretary of the Pittsburgh club, to represent it in both cities, but he has not yet accepted the appointment.

A preliminary meeting of the commission will be held in New York Oct. 6. Harry N. Hemphreys, president, and John B. Foster, secretary, represented the New York club, and the interests of the Philadelphia Americans were looked after by Benjamin F. Shibe, president of the club.

The date and place of the opening game was decided by a flip of a coin. As Garret Herrmann, chairman of the commission, tossed a half-dollar into the air, Manager Hemphreys called "head" and head it fell. In the next instant he called out, "New York, Oct. 7."

McLean and Lavan Eligible.  
The players eligible to participate in the world's series are:

## CHILD IN COFFIN FOUND IN WALL OF SNEEL HOME

Workmen Make Discovery in  
Wrecking Mansion Erected by  
Colonel 41 Years Ago.

BLOOMINGTON, Ill., Sept. 25.—Workmen employed in the razing of the Thomas Sneel homestead in the north end of Clinton found a small coffin skillfully hidden in a wall of the building. In this box was the body of a child several years old. The box was found by Thomas Hickman, the 17-year-old son of H. A. Hickman, who has been custodian of grounds of the Sneel homestead for the past two years.

Coroner H. A. Moore empaneled a jury this morning, after hearing the evidence of Thomas Hickman and M. L. Largo. The jury found that the death of the unknown infant occurred from causes unknown. The box containing the body was then brought into the city and turned over to the custody of Dickerson Wood, who buried it in the potter's field.

The Coroner found nothing in the coffin to furnish any clue to the child's identity.

Since the death of Col. Sneel, who was a millionaire, in 1901, and the trial of the famous will case, the place has been untenanted. On its site a number of modern houses will be erected for rental by the owner, Richard Sneel, who broke the will after long litigation.

Assembly Will Reconvene  
Tonight and Leaders Will  
Try to Get Enough Votes

Against Executive.

ALBANY, N. Y., Sept. 25.—The Court of Impeachment for the trial of Gov. Sulzer today unanimously voted in favor of admitting all testimony in reference to campaign contributions received by the Governor, whether specified in the articles of impeachment or not.

The point arose on the testimony of Morris Tekulsky, a New York liquor dealer and former president of the New York City Liquor Dealers' Association. He had known William Sulzer for 25 years, he said, and considered himself an intimate acquaintance.

When he started to tell about the organization's contributions to Sulzer, Attorney Marshall objected, supporting his objection by a long argument. He maintained there was nothing in the articles of impeachment regarding this witness.

Defines Purpose of Articles.  
The purpose of the articles of impeachment, he contended, was to give notice of a charge against the Governor, and it was not the purpose to afford him time to prepare an answer.

"We are now in the position," Marshall continued, "more than 30 days after the filing of the articles, of being confronted with a charge which we have not been notified to defend. This is merely an attempt to recast the articles of impeachment at the very moment of trial."

Attorney Stanfield, in reply, declared that the managers "have secured and are prepared to prove" that Sulzer received a large number of contributions, vastly in excess of those which appear on the face of the charges. There is no question as a matter of law, but that this evidence is admissible.

"The managers charge that William Sulzer filed a false statement of campaign expenditures," he said. "He studiously concealed contributions from all sources where he thought their public acknowledgment might injure his political future."

Deliberate Omission Charged.  
"The amounts were deliberately omitted by design and intent. Therefore, we claim, it is proper that we should show all instances wherein he acted in a manner that renders him unfit to occupy the high place he now fills."

"One phase of the Governor's defense is that the omissions were the result of a mistake. We charge that he deliberately set out to falsify his statement and that he accomplished his purpose."

"These transactions—a hundred or more in number, constituted a common scheme, a design on the part of the respondent, to identify certain contributions and conceal others. I concede that the failure to report one might have been an accident; two, a coincidence; but to fail to account for a hundred is a crime."

Presiding Judge Cullen then rendered a long opinion on the question, at the conclusion of which he announced he would overrule the objection and submit it to a vote of the Court.

State Attacks Schiff's Answer.  
At the opening of today's session, Edgar T. Brackett, for the State, moved to strike from the record the answer of Jacob H. Schiff in which the witness said he did not intend his \$200 gift to Sulzer as "campaign expenses."

"The intent of the witness cannot affect the intent of the receiver of the fund," argued Brackett.

Presiding Judge Cullen refused to strike out the answer.

Thomas H. Godwin, the paying teller of the Farmers' Loan and Trust Co., was then recalled.

He was first questioned by Attorney John B. Stanfield concerning the instructions he had received from the attorney for the trust company not to testify to signatures that had not passed through the institution in which he is employed.

Stanfield handed the witness a check of the Frank V. Strauss Co. for \$1000. The check was endorsed "William Sulzer." At first the witness declined not to identify the signature, but finally he answered:

"I am of the opinion that is the signature of William Sulzer."

Godwin then yielded and identified the signatures on the two checks he had declined to identify yesterday—those of

Abraham Elkus for \$500, and the Lyman H. Spaulding check for \$100.

The witness then testified to cash deposits totaling \$14,000 made in his institution by William Sulzer between Sept. 13, 1912, and his inauguration. Stanchfield called Abraham Elkus to the witness stand after Godwin was excused.

Elkus said he had known Sulzer for about 20 years. He identified a copy of a letter he had written to Sulzer on Oct. 4.

In the letter, Elkus, after congratulating the Governor-elect upon his nomination, said:

"I know congratulations are very pleasant and very nice, but a campaign to be successfully conducted requires something more than words, and so I am enclosing my check for \$500 to all in the expenses of your campaign."

Stanchfield then produced the Governor's letter in reply. It was very brief, and said: "I appreciate every word you say, and all you have done."

"I suppose," queried Stanchfield, "it did not escape your notice, that in the reply there was no acknowledgment of the receipt of the check?"

Marshall objected and was sustained.

Wrasche filed a motion for a continuance. Cross-examined by Marshall, the witness was asked his intent in making the gift. Stanchfield objected. This precipitated a wrangle which finally was closed by the presiding Judge, who said he would look further into the law on the matter before rendering a final opinion.

Elkus was then excused without having answered the questions.

Webb Floyd, president of the Mutual Alliance Trust Co., next was questioned concerning the account of Louis A. Sarecky, Gov. Sulzer's campaign secretary.

The account, the witness said, was opened in August, 1912, with a deposit of \$483. Between Oct. 1 and Dec. 31, the total deposits amounted to \$14,000. The balance on Dec. 31 was \$489. One of the deposits was the Schiff check of \$500.

Stanchfield announced that counsel for the managers had tried unsuccessfully to locate Sarecky. He thought that the Governor's counsel knew where he was, and he asked that Judge Herrick inform him as to the whereabouts of Sarecky and of Frederick L. Colwell.

"My information is that the managers made no effort to find Sarecky," replied Herrick. "He has been in this city and has advertised his whereabouts. We expect to have him here as a witness. I don't know of Colwell's whereabouts, but we expect him also as a witness."

**State to Recall Schiff.**

In view of the testimony of Jacob H. Schiff, a New York banker, yesterday, that he contributed \$500 to Gov. Sulzer's campaign fund with no restrictions on how it should be spent, lawyers for the prosecution decided to recall him to the witness stand at the impeachment proceedings today. They hope to draw from the banker a qualification of his unrestrained statement made yesterday.

Schiff, who is the multimillionaire banker of New York, and Henry Morgenthau, newly appointed Ambassador to Turkey, were the principal witnesses yesterday. Each testified to donating to Sulzer's campaign fund, but each testified that he did not care what the Governor did with the money so donated.

Schiff told the court of a visit to his office made by Gov. Sulzer on Oct. 16, 1912, shortly after Sulzer had been nominated. He said that he then gave the Governor a check for \$500, made payable to Louis A. Sarecky, the Governor's campaign secretary.

#### BOOK BY ST. LOUIS MAN PUTS PUBLISHER IN JAIL

Mitchell Kennerley Arrested in New York for Sending "Hagar Revelly" Through Mail.

NEW YORK, Sept. 25.—Mitchell Kennerley, publisher, was arrested today at his place of business, 2 East Thirty-ninth street, on the charge of sending through the mails "Hagar Revelly," a "lewd, lascivious and indecent" literature. The work referred to is "Hagar Revelly," written by Dr. Daniel Carson Goodman of St. Louis.

The complaint against the book originated with Anthony Comstock, head of the Society for the Suppression of Vice, William Fleary, a clerk, was arrested with Kennerley on a charge of selling obscene literature.

The charge against Kennerley was brought in the Federal Court, and he was held for the Federal grand jury under \$1000 bond by United States Commissioner Shields. The clerk, who was charged under a State statute, was held under \$1000 bond in the Yorkville Police Court. Both furnished bond.

Comstock said his objection to the book was based on one chapter, describing a scene in the life of the girl Hagar.

"I haven't read the book from cover to cover," said Comstock. "I didn't need to. A little of it satisfied me. The book is rotten and I am sure that it conveys a moral is no excuse at all."

Kennerley defended the book on the ground that it was a sociological study, and had been commended by Miss Ida Tarbell. The book is intended, he said, to show that immorality among working women is not a matter of wages so much as of character.

The specific offense charged against Kennerley in the mailing of a copy of the book to a man in Maryland.

#### GUNMEN GONE, TENNESSEE HOUSE AGAIN IN ORDER

Speaker Occupies Chair Without Opposition—Galleries and Floor of Hall Cleared.

NASHVILLE, Tenn., Sept. 25.—When the Tennessee House Representatives met today, factional lines were tensely drawn, but order prevailed. "Gunmen" were not in evidence. Speaker Stanton occupied the chair without opposition from the supporters of the law enforcement bills. There were no signs of the turmoil, which occurred last yesterday following abrupt adjournment of the House.

A resolution was adopted to clear the galleries and floor of the hall of all except members of the House, newspaper reporters, State officials with business there and ladies. Members of the Senate were excluded.

The wrangle is over bills seeking to insure the enforcement of prohibition.

## NEWSBOY IS KILLED IN STREET FLEEING FROM AUTOMOBILE

Carl Hunt, 9 Years Old, Struck by Machine Owned by Samuel Arky.

Carl Hunt, 9 years old, known to hundreds as the little news merchant at Franklin avenue and Beaumont street, where he sold papers every evening, was

run down and killed by an automobile at Easton and Glasgow avenues as he was on his way to his home, 1111 Glasgow avenue, at 6:46 p. m. Wednesday. The machine was driven by Herman Weiss, and the owner, Samuel Arky of 215 Dayton street, was riding in it.

The boy was not trying to sell a paper at the time of the accident. Persons who were near by saw the automobile and tried to get out of the way, but was struck before he could reach the curb.

**Dies in Doctor's Office.**

The boy died in a physician's office near the scene of the accident, without having regained consciousness.

Weiss, the driver, was arrested, but was released on \$1000 bond. He said he was running the machine carefully and at a moderate speed.

Mrs. Hunt carried an insurance policy on the boy's life, and a payment on the

policy was made by Mrs. Hunt to an agent two hours before the fatal accident. The funeral expenses are thus provided for.

Carl's father works for the Armour packing plant, and he was the second of three children, his elder brother being Truman Hunt, 12 years old, and his younger sister, Elizabeth, 3. The family came here from Tennyson, Ind., a year ago.

Arrangements were made Thursday to take the boy's body to the former home town for burial. There, the mother said, Carl's former schoolmates will be his pallbearers.

The spirit of the times that takes count of every moment and cries for haste finds a valuable agent in the Post-Dispatch Want Columns. Especially renting rooms and houses, where long vacancies cause losses to accumulate.

## STATUTE OF LIMITATION PLEA IN \$1,525,000 SUIT

H. C. Pierce, Answering Commerce Bank Says Alleged Cause of Action Is Barred.

The statute of limitations was invoked Thursday by Henry Clay Pierce, in answer to the suit of the National Bank of Commerce to compel him to pay to the bank \$1,525,000 in connection with the Tennessee Central Railway deal.

The bank set up the claim that Pierce, through connivance with the late J. C. Van Blarcom, when the latter was president of the bank, withdrew from the institution 10,000 shares of the capital stock of the Nashville Terminal Co., a subsidiary of the Tennessee Central, which had been pledged to the bank as security for a loan.

Pierce, in his answer, declared that the

alleged cause of action happened more than five years ago, and is thereby barred under the statute. He made a general denial of all the allegations in the bank's petition.

Pierce's deposition in the suit was taken in St. Louis several months ago. In his testimony he admitted that the Nashville Terminal stock had been turned over to him, but denied that the bank had any claim against it.

He is the first to escape from the jail, which was regarded as being proof against breaks.

## FOR INDIGESTION, DYSPEPSIA, GAS, OR SOUR STOMACH—PAPE'S DIAPEPSIN.

You don't want a slow remedy in your home—keep it handy—get a large fifty-cent case from any drug store, and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas causes headache, dizziness and nausea; eructations of acid and undigested food—remember, as soon as Pape's Diapepsin comes in contact with the stomach, all such distress vanishes. It's promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—ADV.

## GAMBOA NOMINEE FOR PRESIDENCY. HUERTA WON'T RUN

Catholic Party Names Ticket Said to Have Provisional Executive's Approval.

RASCON RUNNING MATE

Effort Made to Select Men Acceptable to the United States and the Liberals.

By Associated Press.

MEXICO CITY, Sept. 25.—Federico Gamboa, Minister of Foreign Affairs, was nominated for the presidency by the Catholic party convention. General Eugenio Rascon was nominated for the vice-presidency. Senor Gamboa accepted the candidacy.

Senor Gamboa, in accepting the candidacy, pointed to his record as a diplomat and his absence of affiliation with any party. He expressed the hope that, in event of his election, Mexicans who are now pacific would remain so and those in arms would lay them down.

Disciple of Mariscal. Gamboa was a disciple of Ignacio Mariscal, at one time Minister to the United States. He was Subsecretary of Foreign Affairs, under Mariscal. Later he became Minister to the Netherlands. He is a writer of some note, and is about 50 years old.

Gen. Eugenio Rascon was Minister of War under provisional President de la Barra. He served as military commander of the Federal District for a short time, and later as Governor of Yucatan. He is now military commander of the District of Oaxaca. He is 65 years old. The Catholic party, while supporting the present administration morally and financially, it is explained, realized the futility of endeavoring to continue Gen. Huerta in office in face of opposition on the part of the United States, and consequent inability of the Government to borrow money. This attitude was plainly indicated to Gen. Huerta, who finally sanctioned the proposed nomination and gave assurance of his support of the ticket. He said that he would not be the candidate of any other party or faction.

The efforts of the Catholic party, it is said, have been directed at the election of men who would be acceptable to the United States. The choice fell upon Senor Gamboa, for the reason that he had not been prominently identified with any political party, while it is believed that he will have the confidence of Liberals as well as Catholics, and upon Gen. Rascon, who is regarded as a desirable running mate for similar reasons.

Women and Children on Perilous Journey From Mexico. WASHINGTON, Sept. 25.—Fifty Americans, mostly women and children, winding their way through mountain passes on an overland trip to the Texas border, have left Durango on their long and perilous journey.

Vice-Consul McCaughan is accompanying the party, whose departure leaves only about 30 Americans in Durango, according to official advice, and not counting the 100 in the outlying districts. Consul Hamlin reports it is not known how many Americans remain in the Torreón and Laguna districts, but it is supposed only a few, as many caravans are en route for Monterey and Tampico.

Mrs. Mackay Said to Have Posed as Dr. Blake's Nurse

Continued from Page One.

apart for two years now, they both have used their Connecticut farm for the last 22 years. Mrs. Blake was there for part of the summer in 1912 and this summer Dr. Blake has made it his home. Mrs. Blake left the city yesterday for a stay with relatives on Long Island.

Blake Visited Mackay Home. While Mrs. Blake stayed at Litchfield Dr. Blake was not an infrequent visitor to the magnificent Mackay estate at Harbor Hill, Roslyn, L. I. It was learned that the real reason behind the signing away by Mrs. Mackay of her interest in this property, which is estimated to be worth more than \$5,000,000, was the knowledge that reached Mackay that she was to be made defendant in a suit for \$1,000,000 brought by Mrs. Blake. Mackay caused the estate to be placed in the hands of trustees.

About that time the papers in the action were served on Mrs. Mackay. Thereafter Mackay saw little of his wife, but spent all his time with his children, with whom he traveled a great deal before taking the cottage at Spring Lake, N. J., from which he made the midnight trip to board the Emperor, to the surprise of his wife. The journey abroad with the children followed the announcement that all hope of a settlement had failed and that Mrs. Blake was determined to push the case because of resentment against the one she charges with breaking up her happiness.

Kanmerer's Garden and Bar, Gravois road, now open for business.

Young men are harder to please in clothes than older men; they want something more in clothes than fit and good quality; more, even, than style; they want a certain indefinable grace and smartness in their clothes; they can't describe it, but they know when they get it.

That's one reason so many young men insist on having our clothes. It is because we know young men's desires and provide for them, that we emphasize our suits at \$25; we want to see you get what's best for you.

Others at \$18 and \$20 and up to \$50; all good. Find our mark in them.

# RECEIPT RAISED BY CLERICAL ERROR, LAWYER EXPLAINS

Paul Dillon Says His Clerk Made Court's Memorandum Correspond to Tender.

An explanation of how a Circuit Clerk's receipt was raised from 1 cent to \$80.91 was made Thursday by Attorney Paul Dillon, to whom the receipt was issued.

Discovery that the receipt had been tampered with was made Wednesday by Deputy Circuit Clerk Geserich when the Westlake Construction Co., for which Dillon is attorney, sent the blurred receipt to the Circuit Clerk to ascertain whether it was correct. Capt. John Berry sued the Westlake Construction Co. for \$251.54 for automobile repairs, and the receipt was issued in connection with that case.

"The whole thing is due to a clerical error made in my office," said Dillon. "I made to Gustav Cytron, attorney for Capt. Berry, a tender of \$80.91 in full settlement of the claim. He declined to accept this sum. I then went to the Circuit Clerk's office and made a tender of 1 cent. This was done in accordance with the practice which relieves a defendant of the burden of costs provided the Court's finding is in accordance with the amount of the tender."

"One of my clerks, finding that the memorandum of the tender made to Cytron did not agree with the tender made to the Circuit Clerk, altered the receipt by erasing one cent, and writing in \$80.91. It was simply a clerical error, as no money was obtained by me by this change."

"I have explained the facts to Judge Cave, in whose court the case is pending, and he told me that he was satisfied. Explanations also have been made to the Circuit Clerk."

Cytron said his records show that Dillon, Sept. 12, made a tender to him of \$80.91 in settlement of the Berry claim, and \$13.90 for court costs up to that date, making a total of \$94.81. Cytron said he refused to accept the amount.

## PROF. LUCKEY, DIVORCED LAST WINTER, TO WED

Miss Elizabeth Read to Become Bride of Former John Marshall Principal Saturday.

Edwin D. Luckey, former principal of the John Marshall School, and Miss Elizabeth Read, formerly a teacher in the Columbia School, will be married Saturday at her home at Redding, Conn., according to announcements received by friends in St. Louis.

Luckey was divorced last January by Mrs. Rebecca Luckey, after prolonged litigation in which each sought a divorce. The principal issue in the proceedings related to the European tours which Luckey formerly conducted every summer with women teachers in the majority among the tourists. Luckey said in his suit that his wife was jealous of some of the women tourists, and Mrs. Luckey alleged that when she was along Luckey paid more attention to certain women in the parties than to her.

Miss Read was a member of the party which Luckey took abroad in the summer of 1911. Mrs. Luckey did not go on that tour. Miss Read, who boarded at 429 Morgan street, resigned her position last June.

Luckey severed his connection with the schools while his marital troubles were in the courts. He has been living at the Hamilton Hotel, but will remove to Chicago and conduct a European tour business there.

### To Those Who Do Not Know What Coupon Day Means

In every store doing a big volume of business such as this store does, there are accumulations of incomplete color assortments, odd size ranges, remnants, etc.

We must keep this store and its stocks brightest and newest, and we use the Coupon Day Sale as a means of accomplishing this, insofar as the merchandise displays are concerned.

The word "Coupon" is derived from the French, meaning remnant, small lot.

The Coupon Sale occurs on the last Friday of each month and always brings prices which are the means of an immediate disposal of these small lots.

STATE METHODISTS VOTE TO ELIMINATE 'SOUTH' FROM NAME

St. Louis Conference Joins Other Two Missouri Bodies in Move to Abolish Sectionalism.

JACKSON, Mo., Sept. 25.—The St. Louis Conference of the Methodist Episcopal Church South, in the second day's session here today, voted, 97 to 24, in favor of changing the church's name to "The Methodist Episcopal Church of America."

This proposal will be voted on by the General Conference in Oklahoma City next May. The two other Missouri conferences have voted in favor of it, but it is predicted that it will be defeated at the General Conference. This will be brought about by the adverse votes of the conferences in states farther South, where the present name, which dates from the division of Methodism before the Civil War, is prized for its historic association.

Ministers and laymen of the St. Louis district met before the conference convened, and decided to invite the conference to meet at Centenary Church, St. Louis, in September, 1914.

Addresses at the morning session were made by Stenwall Anderson of Board of Education, Dr. C. S. Reid, mission secretary, and Dr. Williams, president of Central Female College at Lexington. Three ministers, A. C. Dorrity, E. E. Bruton and R. J. Walden, were discontinued at their own request, and eight new ministers were admitted, after the usual formal requests for complaints against their characters had brought no response.

P. W. Goessling of St. Paul's Church, a prominent St. Louis layman, arrived today. All the St. Louis ministers but the Rev. W. Q. Donnan of Marvin Church are here. His wife is ill.

The election of three clergymen and three laymen as delegates to the Oklahoma City General Conference was scheduled for Friday at 10:30 a. m.

RECEIVER IS DEMANDED FOR BUSINESS COLLEGES

Stockholder in New St. Louis and Brown Institutions Declare Schools Insolvent.

Augustus C. Gondering filed application in the Circuit Court Thursday for the appointment of a receiver to take charge of the corporation affairs of the Brown Business College and the New St. Louis Business College. He has been a stockholder in both companies since February, 1911.

Gondering alleges he has never been advised of any stockholders' meetings and that he never attended any. He never has received a statement concerning the income or disbursements, he says, and has been advised and believes that both corporations are insolvent.

The petition alleges that one Brown holds a pretended mortgage on the properties of the companies for \$50,000 and that the concerns are in no position to meet the obligation. The total assets of both companies, the petition states, does not exceed \$15,000. Gondering asks that the officers be enjoined from managing the affairs of the companies. The address of the defendants is given as 804½ Pine street.

The fire was kept from spreading to many nearby farm buildings by the efforts of the men, who saved most of the stock and machinery in the barn. No guard accompanied the men and every one returned to the camp when the fire was put out.

GAIN FOR WOMEN VOTERS

Held They May Vote for Illinois City Court Officials.

SPRINGFIELD, Ill., Sept. 25.—That Judges and Clerks of City Courts are statutory officers and that therefore Illinois women may vote for them was the opinion given today by Attorney-General Lucey.

The opinion was based on the ruling of the Supreme Court that the Judges of the Municipal Court of Chicago are not constitutional officers.

OLYMPIC BOYCOTTS PORT

QUEENSTOWN, Ireland, Sept. 25.—The White Star liner Olympic today followed the example of the big Cunard steamships and shunned Queenstown Harbor, where she has been heretofore accustomed to anchor.

It is, therefore, assumed that the White Star company has concurred in the Cunard Line's boycott of the port, because of the strike going on there. Two hundred passengers and 1000 sacks of mail were sent out on tenders to the Olympic.

THIS POPULAR YOUNG LADY OF ST. LOUIS  
HAS SOMETHING OF INTEREST TO SAY

Mrs. Marguerite Mahany Says She Has Tried the New Tonic Plant Juice and Is Glad to Recommend It.

Mrs. Marguerite Mahany, a well-known and popular young lady of St. Louis, residing at 2132 Schottel avenue, has something to say here that will be of interest to her many friends, both here and elsewhere. Mrs. Mahany is among the large number of St. Louis ladies who have tested Plant Juice, the new tonic that so many people are talking about. She says:

MRS. MARGUERITE MAHANY

"I heard so many people praising Plant Juice and read so much about it that I thought I would try it. I have suffered greatly from stomach trouble and nervousness. I have only taken one bottle, but am feeling very much better in every way. I am glad to recommend it to others."

A woman's nervous organization is much more complicated than that of a man and therefore much more liable to derangements of all kinds. Many women have found in Plant Juice just the tonic they were looking for. It strengthens the nerves and builds up the whole system. Those who suffer from low vitality, extreme nervousness, dependency and a generally debilitated condition will find new health, strength and vigor in this great vegetable tonic. It clears the blood of all poisons and impurities, stimulates the liver into healthy action, tones up the stomach and digestive organs,

corrects constipation and biliousness, eradicates all malaria from the system and brings the flush of health to the cheeks and brightness to the eyes. Plant Juice will make you feel like a different person. The Plant Juice man is at the Wolff-Wilson Drug Co. store, Sixth and Washington. Get a bottle from him and if it does not benefit you he will return your money.—ADV.

WIFE SUES MAN ON  
CHARGE 'SPLENDID'  
SALARY WAS MYTH

Mrs. C. L. Saylor Seeks Divorce, Alleging Husband Couldn't Provide for Her.

Mrs. Mabel A. Saylor of 5033 Vernon avenue, Thursday instituted suit for divorce from Curtis L. Saylor, an insurance man, until recently employed by the Crane Agency.

In her petition Mrs. Saylor says that before their marriage in March, 1912, Saylor told her he had a splendid salary and a one-fifth interest in his employers' business. She soon discovered that apparently he did not earn enough for two, she says, and that he could not or would not supply for her the necessities of life.

Not long after the marriage, she alleges, Saylor borrowed \$250 from her father, but spent none of it for her support. Later, she says, Saylor borrowed \$150 more from her father.

In the last few months, she alleges, her life and that of her relatives was made a burden by the frequent visits of bill collectors.

The Saylor separated Sept. 15. Mrs. Saylor is a daughter of Dr. Thomas Jones, an oculist. At the Crane Agency it was said Saylor was no longer employed there and that he had departed from the city. An order for service by publication was asked for in the divorce petition. Mrs. Saylor saying that she does not know her husband's whereabouts.

RUNAWAY HORSE KNOCKS  
DOWN AND KILLS FARMER

Warning Shouts Cause Man to Stop at Crossing of Jerseyville Streets.

W. E. Stratton, 55 years old, a retired farmer of Jerseyville, Ill., was knocked down and killed almost instantly by a runaway horse at State and Exchange streets in Jerseyville, Wednesday afternoon. His skull was crushed.

The horse, hitched to a cart, was driven by Fred and Lester Beatty, brothers, 20 and 16 years old respectively. The horse had become frightened at an automobile and was running north on State street, when Stratton started across at the intersection of Exchange street.

Stratton did not see the horse approaching, and warning shouts by other pedestrians caused him to pause long enough to be struck.

He died less than five minutes later. An inquest was held at once, and the Beatty brothers were exonerated. Stratton is survived by a widow and one son, Edward Stratton, 25 years old.

PAIR OF STOCKINGS DRAPE  
ON DOORKNOB LIKE CREPE

Thereupon, East St. Louis Woman Asks for Police Guard at Night.

A pair of women's stockings draped around the door knob at the residence of Mrs. Kate Stralt of 324 Brady avenue, East St. Louis, and rude drawings of coffins on the gate posts and fences of other houses in the neighborhood, caused Mrs. Stralt to ask Police Chief Payne to station policemen in the neighborhood at night.

The stockings were tied so as to represent crepe. Mrs. Stralt believes. She said she has no enemies and cannot imagine why the drawings should appear at her home. Chief Payne promised to have the residences watched.

### Society

**JAMES HOPE-NELSON, son of Sir William and Lady Hope-Nelson of Batford Park, Moreton-in-Marsh, Leicestershire, England, arrived Thursday afternoon for his marriage to Miss Isabel Valle, which will be one of the most important social events of the year and will take place quietly Saturday afternoon at 3 o'clock at the home of the bride's father, Dr. Jules Felix Valle, at 4955 Maryland place.**

Archbishop Glennon will perform the ceremony and Hugh Hope-Nelson, who has come with his brother, will be best man. It will be a small wedding as the bride's family is in mourning for Mrs. Valle, who died at Newport a year ago, and Mrs. Charles Leonard of Pittsfield, Ill., who was Miss Elizabeth Valle, will preside.

The bride will wear an exquisite gown of lace and embroidery that was her mother's and which has been refashioned for her. Miss Valle made her debut two seasons ago and has been an acknowledged belle here, and at Newport last year was pronounced the "best looking girl in America." She belongs to one of the old French families closely associated with the history of St. Louis and has inherited the charm for which the Valle women always have been noted. James Hope-Nelson met Miss Valle in the spring when he and another young Englishman, Christopher Trappes-Lomax, were on their way around the world and stopped here for a visit. They had been at school at Stonhurst with George Ingram Drew, and Trappes-Lomax had been in St. Louis twice before. Mr. Hope-Nelson joined Mr. and Mrs. Thomas Riggs Jr., whose guest Miss Valle was on a trip to Alaska, and on their return in July he hastened home to England to make arrangements for his marriage.

The wedding was announced for Oct. 1, but afterwards was set for Saturday. Miss Valle will be the second St. Louis girl within a year to marry an Englishman, Miss Edwina Thornburgh having been married to Sir Wilfrid Peel, a baronet. Mr. Hope-Nelson is the eldest son of a baronet.

Mr. and Mrs. Sol Swarts of 4410 West Pine boulevard returned Tuesday evening from Mattapoisett, Mass., where they spent the summer. They attended the twenty-fifth reunion of the class of '88 at Cambridge.

Mrs. Nancy E. Fuqua of 5064 Von Versen avenue announces the engagement of her daughter, Elizabeth Bray, to Charles Spence Faxon of Cincinnati. The wedding will take place in November.

The marriage of Miss Lillian Willard Vandiver, daughter of W. D. Vandiver, Subtreasurer, and William Byrd Jr. of Carizzo Springs, Tex., took place quietly Wednesday evening at the home of the bride, 227 Westgate avenue, Parkview.

The ceremony was performed by the bride's grandfather, the Rev. L. H. Vandiver, pastor of the Methodist Episcopal Church, South, of Fayette, Ind., who is 80 years old, and came to St. Louis especially for the purpose. The bride was attended by her sister, Miss Helga Vandiver, and little Ruth Byrd, the bridegroom's niece. Edward H. Byrd was best man. Only the nearest relatives were present. Mr. Byrd and his bride departed in the evening to pass their honeymoon on the bridegroom's ranch in Texas.

Mrs. John Young Brown of 5083 Watterman avenue departed Thursday for Cleveland, for a brief visit.

Mrs. Edward F. Goltra of Lindell boulevard will close her summer home, Waterside, Falmouth, Mass., the last of the week, and go to New York to meet Mr. Goltra and spend a week before returning to St. Louis.

Mr. and Mrs. Joseph Oppenheimer of 6899 Nina place, formerly of Chicago, announce the engagement of their daughter, De Vora, to Harry G. Levy of 5845 Von Versen avenue. Miss Oppenheimer is a niece of S. N. and Jacob Oppenheimer.

The marriage of Miss Mary Elizabeth White to Julian C. Harvey, which was to have taken place in October, has been advanced to Sept. 30. Miss Lucille White will be her sister's only attendant, and Dr. McClave of Chicago best man. The ceremony will be at the home of the bride's parents, Mr. and Mrs. Benjamin White, Kirkwood.

Miss May Park, daughter of Mrs. John P. Park of 5706 Chamberlain avenue, has as her guest Miss Willie Park Blair of Tyler, Tex.

Mrs. Andrew Sproule of 5778 Lindell boulevard and her daughters, Misses Eliza and Emily, and Mr. and Mrs. Hal Clark are spending a fortnight in New York on their way home from Deer Harbor, Me., and will arrive the latter part of next week.

## New "Divan-Bed" Davenport

Genuine Quartered Oak, as Pictured. **\$23.75**  
Terms: \$2.50 Cash, \$2.50 a Month

### Something new—Parlor Settee by day—a broad, comfortable Bed by night

The wonderful success of this offer when we presented it last Sunday has induced us to repeat it for tomorrow's selling—it's the most attractive style of Bed Davenport we have ever offered and by far the greatest value—if you have not already taken advantage of this opportunity, you certainly should do so at once.

#### Takes Up But 5 Feet

When closed as you see it in the pictures, this Davenport is but five feet wide. When open, it is a full size bed. The back is solid and does not have to be moved away from the wall when the Davenport is opened.

#### The Frame Is Of Quartered Oak

Notwithstanding the low price at which this Divan-Bed Davenport is offered—the frame is of beautiful quarter-sawn oak—a quality that is usually only to be had in the highest priced furniture. The seat has fifteen spiral coils running along the edge and so strongly constructed it will not sag.

#### Four Ticks of the Clock—and There Is a Bed Before You.

The simplicity and ease with which this Bed Davenport is converted into a bed always astonishes those who see the transformation for the first time. Here is a beautiful piece of parlor furniture, having no resemblance to a Bed Davenport. You reach down behind the seat, pull lightly at a strap and your bed is before you—all within four seconds from the time you started.

#### Upholstering and Spring Construction.

This "Divan-Bed" Davenport is upholstered in imitation leather fabric which closely resembles the genuine article. The seat and back are plain, while the front has ruffled edge. Has regular bed spring of steel weave, interlocked in such a way as to make it noiseless.

#### The Price, Including Spring, \$23.75.

When we placed our order for these Divan-Bed Davenports it was for one entire carload, for we appreciated that hundreds of people were waiting for an announcement like this—and, on account of the magnitude of our purchase, we were able to secure them at an unusually low price, and are therefore able to offer them for \$23.75.

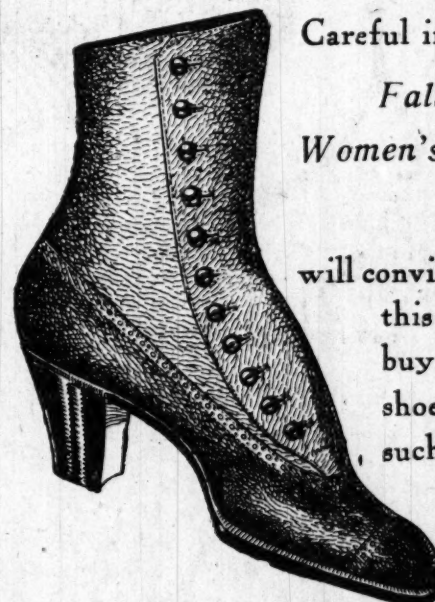

#### The Terms, \$2.50 Cash, \$2.50 Monthly.

This Divan-Bed Davenport gives you practically an extra bedroom in your home at a very slight cost—and on terms of payment that are sure to please you—remember that \$2.50 is all that you pay at this time and this Divan-Bed Davenport is delivered to your home—and not another penny is required until 30 days have passed.

KAISER'S SON-IN-LAW  
DEFIES THE PRUSSIAN

Prince Ernst Refuses to Re-nounce Hanoverian Throne and Wins His Point.

BERLIN, Sept. 25.—A word-splitting wrangle over the formalities in connection with the enthronement of Prince Ernst August of Cumberland and Princess Victoria Luise as Duke and Duchess of Brunswick, almost led to a split in the German Imperial family and the withdrawal of the young Prince and Princess from Germany, according to today's Tagblatt.

Prussian officials, it is stated, insisted on a more explicit renunciation by the Prince of his claims to the throne of Hanover, whereupon the Prince declared that he would take off his Prussian uniform and retire to Austria with his bride. Imperial Chancellor von Bethmann-Hollweg thereupon yielded the point.

CONGRESSMEN ARE  
AT ODDS AS TO THE  
MANN ACT'S INTENT

Some Uphold Pollock's Ruling That Law Wasn't Aimed at Personal Escapades.

By Wire From the Washington Bureau of the Post-Dispatch.  
WASHINGTON, Sept. 25.—The decision of Federal Judge Pollock of Kansas, that the Mann act was not intended to apply to the "personal escapades of men and women," caused much comment here today. It was pointed out by those who believe Judge Pollock is right that Representative Mann, father of the law, did not intend that "personal escapades" should be included in the prosecutions under the law.

Mann is in Chicago, but Chairman Henry B. Clayton and Representative E. Y. Webb of the House Judiciary Committee agree that the act does not cover personal morals. On the other hand, Representative John J. Esch, member of the majority of the committee that framed the bill, thinks it does. Attorney-General McReynolds, it was said today, will not ask for prosecutions in cases where it is evident the parties involved have been on "personal escapades."

House Members' Views Differ.  
There was a sharp difference between Republicans and Democrats of the House Committee on Interstate and Foreign Commerce over the scope of the Mann act when it was reported to the House in December, 1909. In his report Chairman Mann said:

"This legislation does not attempt to regulate voluntary wrongdoing, but aims solely to prevent the procuring of thousands of women and girls against their will and desire to enter and continue in such a life. The legislation is needed to put a stop to a villainous interstate and international traffic in women and girls. The legislation is not needed or intended as an aid to the states in the exercise of their police powers in this suppression or regulation or immorality in general."

In a minority report signed by himself and W. C. Adamson, present chairman of the House Committee on Interstate and Foreign Commerce, and Representative C. L. Bartlett of Georgia, Representative William Richardson said:

"This bill is drastic and its inevitable results revolutionary. Its provisions relative to the transportation of alien women and girls in foreign commerce and their admission to our ports, are not controverted."

Thought Bill Unconstitutional.  
"Our chief objection to the bill is that Congress cannot in the exercise of police powers punish citizens of the states for violating a Federal statute made under the pretense of regulating morals and suppressing evils, which in the strictest and most literal sense is an affair that belongs to the state."

In discussing the bill with a correspondent of the Post-Dispatch today, Bartlett said:

"I thought the whole bill was unconstitutional and opposed it for that reason. I do not believe that it covers personal escapades, but, if it is so construed, it is certainly unconstitutional."

"I opposed the bill," said Representative Adamson, "because it undertook to take charge of the morals of the people of the states. However, I do not think that Judge Pollock is right in his decision."

"The bill was not intended to include personal cases," said Representative Clayton.

"The purpose of that bill was to prevent the importation of foreign women to commercialize their virtue," said Representative Webb. "It was aimed at the traffic here. The law does not include personal escapades."

McReynolds Won't Comment.  
"I intended that the law should apply to personal escapades," said Representative Esch, "and I think a majority of the members of the committee felt as I did. I thought it would apply to the individual cases. One improper act between man and woman would be sufficient to violate the law. The decision of Judge Pollock will sap the law of much of its vitality."

Attorney-General McReynolds would make no comment on Judge Pollock's decision, but it was learned the Attorney-General concurs in the opinion of Judge Pollock that the Mann law was not enacted to regulate the morals of the individual citizen. He believes that to violate the Mann law there must be some commercial transaction.

The Attorney-General intends to issue instructions to United States Attorneys throughout the country not to prosecute when there is not a clear case of commercialism involved. It is not likely the instructions will be issued until the Diggs-Camenetti cases have been carried to the United States Supreme Court and the case which Judge Pollock decided has been appealed.

#### GIRL VAINLY LOVES MARRIED MAN, 45, SWALLOWS POISON

Tries to Kill Herself at Union Station After Meeting One She Admires.

Ollie Turner, 19 years old, of 3614 Locust street, the latest arrival in the "suicide room" at the city hospital, had clasped to her breast a photograph of herself and a married man when she drank the contents of two bottles of chloroform and one of oil of cloves at Union Station, Wednesday night.

Miss Turner on several occasions had visited at the bedside of Hattie Rayfield, 19 years old, of 3882 Olive street, who was sent to the hospital Sunday night, after swallowing mercury tablets because of a disappointing love affair. Now Miss Turner occupies a cot just a few feet away from her friend.

A third girl in the room is Beatrice Stevens, 14 years old, of 3500 Morgan street. She swallowed mercury one day last week after a quarrel with her father. Both Miss Rayfield and Miss Stevens are in a critical condition, the doctors say.

Miss Turner was chatting with Elmer Newhouse, 45 years old, of 2311 Locust street, in front of the Coliseum, where he is employed as superintendent. Wednesday afternoon when Mrs. Newhouse swallowed down the poison, Miss Turner departed to avoid a scene, she said. Newhouse had told her he was going to marry her as soon as his wife obtained a divorce.

Going to her apartments she got a photograph of herself and Newhouse and then purchased three bottles of poison at a drug store. Shortly before 5 p. m. she went to Union Station, where her sister, Mrs. Ida Miller, is employed in a restaurant, and falling to find Mrs. Miller, with whom she intended talking over her intention to die, she walked out into the crowded midway and drank the poison.

#### ARTIST TO WHOM LINCOLN SAT IS 93, STILL PAINTS

Alban J. Conant Celebrates Birthday Anniversary in New York Studio.

NEW YORK, Sept. 25.—Alban Jasper Conant, the painter to whom Lincoln sat for a portrait before he became President, celebrated his 93d birthday here yesterday, in the Tenth street studio which he has occupied more than 30 years. Active in mind Conant enjoys fairly good health and every day finds him busy with brush and palette.

Conant knew Lincoln personally both at Springfield, Ill., where in 1860 he painted the famous "Smiling Lincoln" and Washington where during the Civil War he had commissions to paint many cabinet officers and notables of the day.

Conant was born in Chelsea, Vt., Sept. 24, 1821. His father was a house and sign painter.

#### WAR SECRETARY AGAINST HAZING AT WEST POINT

Disciplining of Guilty Cadets Is Sustained Unequivocally by Garrison.

WASHINGTON, Sept. 25.—Secretary Garrison today put himself on record against any practices favoring of hazing at West Point. He sustained the recent action of Col. Clarence P. Townsend, Superintendent of the Military Academy, in depriving of their privileges 18 cadets found guilty of the practice.

"I am extremely regretful that these boys should have written threatening letters to their parents or others," said Secretary Garrison. "The first element of manliness is to take your medicine like a man, particularly in a case where your own conduct has brought on the illness."

#### CURRENCY BILL PRAISED BY BRECKINRIDGE JONES

Act Won't Hamper Independent Bankers, but Will Improve Conditions, He Says.

WASHINGTON, Sept. 25.—Breckinridge Jones of the Mississippi Valley Trust Co. of St. Louis, discussing the currency bill before the Senate Banking and Currency Committee, said the measure, if properly perfected, would not hamper independent banking and would improve and broaden general banking conditions.

"The bill," he said, "should be made sufficiently attractive to bring state banks and trust companies into the system. These form the bulk of the banking capital of the country and should be taken care of in this bill as well as that of national banks." Jones objected to the provision allowing national banks to conduct a savings business. "To allow this," he

said, "would place national banks in unfair competition with state institutions."

#### WHITE GRUBS IN A YEAR CAUSE \$12,000,000 LOSS

Damage in Illinois, Iowa and Wisconsin \$7,000,000—Plow Deep, Says Expert.

WASHINGTON, Sept. 25.—Crops in Illinois, Iowa and Wisconsin suffered to the extent of \$7,000,000 last year from the attacks of common white grubs, while the damage to corn, timothy and potatoes in other infested areas of the country north of Ohio from the Atlantic Ocean to South Dakota, was at least \$5,000,000, so that the total loss last year from this cause was not less than \$12,000,000, according to a conservative estimate made by John J. Davis of the United States Bureau of Entomology. Observations seem to make it certain, he says, that in the Northern states the total life cycle of this injurious species is three years.

May beetles were unusually abundant in 1908 and 1911 and the grubs caused the largest damage in 1909 and 1912. He advises farmers in the regions infested last year to plow deep this fall, the best time ordinarily being between Oct. 1 and 15.

Only empty showcases and boxes scattered about the floor remained. Tire tracks in the alley led to the belief the robbers had carried away the stock in an automobile.

# WIDOW, JANITOR OR LANDLORD, WHO BROKE THE LEASE?

Woman, Sued for Rent, Admits She Moved Out of Apartment.

Instead of sitting on the traditional wooden bench, Justice Slater Thursday figuratively sat on a piece of linoleum to determine whether it might legally be considered sufficient furnishing to hold a lease on a fashionable West End apartment.

Five women, fashionably gowned, drove in automobiles to the Title Guaranty Building, where the judge holds court. They were prepared to support the contention of Mrs. Fannie G. Kenney, a widow, that she had not violated her lease on Apartment D at 950 Belt avenue.

August Voss of 515 Cabana avenue, owner of the apartment, sued Mrs. Kenney for \$150, alleging that she violated her contract by moving from the apartment after leasing it for a year.

Left Linoleum to Hold Apartment. Mrs. Kenney on the stand admitted that she had moved her furniture from the apartment and placed it in storage, but she said she had left a piece of linoleum on the kitchen floor and this made her still a lawful tenant of the apartment.

She told the court that Voss had a janitor remove the linoleum and that this act constituted illegal seizure of the premises and relieved her of the necessity of making further payments of rent.

Through her lawyer, Mrs. Kenney also contended that even though she were to be held responsible for the rent, it could not be collected until the end of the lease term and that Voss had no right to file suit for it in June. She cited the case of a farmer in Polk County, Mo., whose crops failed in 1884. The Supreme Court ruled that he need not pay rent until the end of the leasehold term.

Case Under Adjudication. Mrs. Walter Voss, who occupies Apartment B at the Belt avenue house, testified that after Mrs. Kenney moved out the agents for the property tried to rent Mrs. Kenney's apartments to her, thereby acknowledging that Mrs. Kenney's lease was no longer in effect. The other women in court were not called upon to testify. One was Mrs. J. P. Blake, wife of a real estate man. The others did not make known their identity.

Judge Slater took the case under advisement.

Before the suit went to trial, Mrs. Kenney attempted to have proceedings stopped on a plea of abatement. She was questioned by Voss' lawyer, who said:

"Is it not true that you moved to Chicago and made your home there?" "That might be the case if I should marry again," replied Mrs. Kenney. "Ah! Have you an intended husband in Chicago?" asked the lawyer. "No," said Mrs. Kenney. "I have not."

## 'MAN FAILURE' HELD TO HAVE CAUSED NEW HAVEN WRECK

Interstate Commerce Commission Report Blames Officials, Directors and Trainmen.

WASHINGTON, Sept. 25.—The Interstate Commerce Commission holds that "man failure" all along the line, from officials and directors of the New Haven Railroad down to its trainmen, caused the Wallingford wreck, Sept. 2, in which 21 persons were killed and 35 injured. In its report, just made public, the commission blames the crews of the wrecked trains for lapses and scores of officers and directors for "inefficiency of management."

Operating officials of the New Haven and the officers and directors of the system are grided scathingly for promulgating regulations that were permitted to become practically "dead letters" and for not seeing to it personally that operating conditions were what they had directed them to be.

"Man failure in this case," says Commissioner McChord, who prepared the report after an exhaustive personal investigation of the accident, "began high up in official authority, and it was not an unusual sequence that it reached down to those in position lower in official rank, but still weighed with great responsibility."

In use at the time of the disaster the report points out, were "antiquated signals, condemned by the locomotive engineers as well as by the Public Service Commission of Connecticut, and old wooden cars, unsuited by construction for such traffic as they were expected to accommodate. These were held to be contributory reasons for the excessive number of casualties."

Commissioner McChord indicates the results of a similar recent accident at Tyrone, Pa., in which the equipment was all steel, and in which none of the passengers was killed, as an object lesson in favor of the use of modern equipment.

The commission demands of the New Haven road the immediate adoption of "an adequate system of superintendence and supervision, which will give those in authority definite and positive information as to whether or not the safety requirements of this railroad are observed."

After a comprehensive review of the testimony taken at the investigation Commissioner McChord says, in part: "The direct cause of this accident was the failure of Flagman Murray properly to protect his train, the failure of Engineman Miller properly to control the speed of his train in order that he could bring it to a stop before passing automatic signal No. 23, and the failure of Conductor Adams to make certain that his train was properly protected. An additional cause was the failure of Engineman Woods to bring his train to a stop, as required by the rules, before passing automatic signal No. 23, which was in the stop position."

"While this accident was directly due to failure of employees properly to perform their duties, the signal system in use was entirely inadequate safely to direct and govern the movement of the large volume of traffic over this line and there was a deplorable lack of supervision on the part of operating officers. On this account the conditions which led up to this accident were possible."

"In reports by this commission of the investigation of previous accidents on this railroad, defects of management, neglect of obvious precautions for safety, ineffective rules and these not systematically enforced, high-speed trains closely following one another without adequate safeguards, dereliction of duty on the part of certain employees, as well as a general weakness of discipline, have been denounced and condemned. It is astounding that this state of affairs is allowed to continue to exist."

## An Easy Way to Get Fat and Be Strong

The trouble with most thin folks who wish to gain weight is that they make on dragging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract is "the food you eat."

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed "the greatest of flesh-builders." Sargol aims through its regenerative, reconstructive power to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, how your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Judge & Dolph, Weigert Drug Co. Rabelieu, Wolff-Wilson Co., Johnson Bros. and other drug stores in St. Louis and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

**Caution:** While Sargol has given excellent results in overcoming nervous dyspepsia and indigestion, it should not be taken by those who do not wish to gain ten pounds or more.

## 'MAN FAILURE' HELD TO HAVE CAUSED NEW HAVEN WRECK

Interstate Commerce Commission Report Blames Officials, Directors and Trainmen.

WASHINGTON, Sept. 25.—The Interstate Commerce Commission holds that "man failure" all along the line, from officials and directors of the New Haven Railroad down to its trainmen caused the Wallingford wreck, Sept. 2, in which 21 persons were killed and 35 injured. In its report, just made public, the commission blames the crews of the wrecked trains for lapses and scores officers and directors for "inefficiency of management."

Operating officials of the New Haven and the officers and directors of the system are grilled scathingly for promulgating regulations that were permitted to become practically "dead letters" and for not seeing to it personally that operating conditions were what they had directed them to be.

"Man failure in this case," says Commissioner McChord, who prepared the report after an exhaustive personal investigation of the accident, "began high up in official authority, and it was not an unusual sequence that it reached down to those in position lower in official rank, but still weighed with great responsibility."

In use at the time of the disaster the report points out, were "antiquated signals, condemned by the locomotive engineers as well as by the Public Service Commission of Connecticut, and old wooden cars, unsuited by construction for such traffic as they were expected to accommodate. These were held to be contributory reasons for the excessive number of casualties."

Commissioner McChord indicates the results of a similar recent accident at Tyrone, Pa., in which the equipment was all steel, and in which none of the passengers was killed, as an object lesson in favor of the use of modern equipment.

The commission demands of the New Haven road the immediate adoption of "an adequate system of superintendence and supervision, which will give those in authority definite and positive information as to whether or not the safety requirements of this railroad are observed."

After a comprehensive review of the testimony taken at the investigation Commissioner McChord says, in part: "The direct cause of this accident was the failure of Flagman Murray properly to protect his train, the failure of Engineman Miller properly to control the speed of his train in order that he could bring it to a stop before passing automatic signal No. 23, and the failure of Conductor Adams to make certain that his train was properly protected. An additional cause was the failure of Engineman Woodie to bring his train to a stop, as required by the rules, before passing automatic signal No. 23, which was in the stop position."

"While this accident was directly due to failure of employees properly to perform their duties, the signal system in use was entirely inadequate safely to direct and govern the movement of the large volume of traffic over this line and there was a deplorable lack of supervision on the part of operating officials. On this account the conditions which led up to this accident were possible."

"In reports by this commission of the investigation of previous accidents on this railroad, defects of management, neglect of obvious precautions for safety, ineffective rules and these not systematically enforced, high-speed trains closely following one another without adequate safeguards, dereliction of duty on the part of certain employees, as well as a general weakness of discipline, have been denounced and condemned. It is astounding that this state of affairs is allowed to continue to exist."

## CHANGES URGED TO SPEED UP BAR AND BENCH IN MISSOURI

Recommendations for More Economic and Just Procedure Made at State Meeting.

By Associated Press.  
KANSAS CITY, Mo., Sept. 25.—Radical changes in the laws of Missouri to make legal procedure more speedy, economic and just, were recommended in reports submitted by committees, at the annual meeting of the Missouri Bar Association today. Simplification was one of the means suggested to bring about the desired result. Minority reports opposing the proposed changes also were read, and it was apparent that a lively discussion would precede the final decision of the association on the questions in controversy.

The report of the special committee on judicial administration and remedial procedure, of which Frederick W. Lehmann of St. Louis, former Solicitor General of the United States, is chairman, recommended that the Supreme Court of the State instead of the Legislature should prescribe the mere rules of pleading and procedure.

**Lawyers Know Defects.**  
In justifying the recommendation, the report referred to the fact that "the United States Supreme Court prescribes the rules of procedure in equity and bankruptcy cases."

"Every lawyer is familiar with the defects of our system of pleading and procedure," the report stated, "and the criticism of the time holds the legal profession, both the bar and the bench, accountable in large measure for the difficulties, delays, uncertainties and expense which they impose upon our procedure. We cannot altogether excuse ourselves upon the ground that the forms of pleading and modes of procedure are governed by legislative enactment. We must either justify the present system or strive for a better one."

**Too Many Controversies.**  
In the report of the standing committee on judicial administration, it was pointed out that it requires not less than five years for an ordinary civil case to reach the courts, while in most other states it is settled in one year. The recommendation was made that there be additional judgeships, that their salaries be increased and that the appellate Court system be reorganized. The report criticized the conflict in decisions among the various courts of appeal and between courts of appeal and the Supreme Court, with no adequate means of reconciliation.

It was charged "that too many controversies arise concerning the jurisdiction of these respective tribunals, and too much time and money are wasted in litigating the question of which set of judges shall decide quick causes."

**HOLLAND ADVISES  
ART DISPLAYS IN  
CITY SCHOOLS**

To take the treasures of the Art Museum to the people, through a system of loan displays in branch libraries and school buildings, is the plan suggested by R. A. Holland, director of the Art Museum, in a report to W. K. Bixby, president of the Board of Directors, and to the Mayor.

The location of the Museum, on Art Hill, Forest Park, makes it inaccessible to the mass of the people, and cuts down the number of visitors, the director says.

He believes the people of St. Louis have a liberal appreciation of art, and would go to see the pictures and statuary at points within reach of their homes. In spite of the location, the report says, the attendance showed a material increase in the 1912-1913 season over the year before. The last year's attendance was 121,251, and that of the previous year 112,139. A balance of \$2,816.67 is on hand. The Museum is now supported, in large part, by a city tax.

### JOHN D. CONGRATULATES YOUNG GOLF CHAMPION

"Admire Your Ideas on Temperance" Oil King Adds in Telegram to Outmet.

BOSTON, Sept. 25.—A telegram from John D. Rockefeller is among many messages of congratulation extended to Francis Outmet, youthful amateur golfer, whose success in the national open championship contest last Saturday made history for the sport.

"Congratulations upon your American victory," Rockefeller telegraphed and added "Admire your ideas on temperance."

Young Outmet is a total abstainer. He took occasion today to deny reports that he is soon to become a professional. "It has never been my ambition to make money by playing golf. I love the game for its own sake," he said.

## SAYS WOMAN GOT IDEA OF ENDING LIFE FROM PAPER

Neighbor Testifies Pastor's Wife  
Read of Girl Hanging Self  
on Closet Hook.

By Associated Press.  
EDNA, Kan., Sept. 25.—The idea of hanging herself was suggested to Mrs. C. B. Littleton, wife of a former Methodist minister here, by an article in a newspaper, Miss Elzina Ray, a neighbor of the Littletons, testified when the coroner's inquest into the cause of the death of Mrs. Littleton was resumed here today.

The woman's body has been exhumed and an inquest was called following the disappearance of her husband and rumors of scandal involving members of his church.

Found Neighbor Crying.  
“I came over to Mrs. Littleton's nearly every day,” testified Miss Ray. “The Thursday before she died, I found her crying. I asked her what was the matter and she said: ‘I'm so lonesome.’ She asked me if I had read about the young woman hanging herself on a hook on the closet door and her parents finding her the next morning. I said ‘No.’ She handed me a newspaper and I read the article. It was about a young woman hanging herself.”

“Well on Earth, Too.”  
“I said to Mrs. Littleton: ‘It's wrong to take your own life. You won't go to heaven.’

“I don't know,” Mrs. Littleton said. “I think we have plenty of hell on earth, too.”

Miss Ray said Mrs. Littleton repeated that remark again that evening. “It was three nights later that Mrs. Littleton was found hanging in her bedroom.”

A verdict is expected before tonight. A previous jury found the woman had ended her own life.

Mrs. Sarah Dobson, a neighbor of the Littletons, who said she weighed 44 pounds more than Mrs. Littleton, slipped a noose over her head and suspended herself from the coat-hook from which Mrs. Littleton was alleged to have hung herself, to demonstrate to the jury that there were no grounds for the contention that the hook was not strong enough to sustain her weight.

THREE SALOON LICENSES  
REVOKED BY ANDERSON

Peter Simonin, John B. Haug and Wendlin Zolk Barred From Liquor Business.

Licenses of three saloon keepers were revoked by Excise Commissioner Anderson Thursday, making a total of 27 revocations during the seven months of his incumbency.

The saloon keepers who lost their licenses, and who are thereby barred from ever operating a saloon again in the State, were Peter Simonin of 612 Olive street, John B. Haug of 422 Easton avenue and Wendlin Zolk of 2701 Washington avenue.

Simonin was found guilty by the Excise Commissioner of having sold liquor in his saloon on Sunday, Aug. 20. Policemen who saw him first of the liquor with four men, surrounded the place and laid siege to it until he surrendered. Simonin denied the charge.

Haug's license was revoked upon testimony that he sold liquor to John Kallan, a minor. Zolk was fined \$20 and costs in the Court of Criminal Correction on a charge of selling liquor after midnight, in violation of the law.

### CONNIE MACK TO SEND RA THOMAS AND LAVAN HERE

Rickey Surrenders Kansas City Draft Rights in Return for Favor.

BROWNS NEED INFILDER

Second Base and Shortstop Two Berths That Will Worry New Manager.

By W. J. O'Connor,

Manager Rickey's action in passing up his claim to the pick of the Kansas City club and deferring this privilege to Connie Mack has the local fans guessing. They cannot reason out why Rickey did not pluck Catcher Pat O'Connor of the Blues, as the Browns could find employment for another good receiver. But this move will be explained in time.

Indeed, Rickey has his wires laid for several important deals this winter. One of these will be with Connie Mack, and unless all signs fail Ira Thomas and Johnny Lavan will show here next spring in Brown uniforms.

Rickey is very sweet on Lavan and it's a 100 to 1 shot that the former Michigan man will play short for the Browns all through next campaign. It is unreasonable to suppose that Rickey, who undoubtedly knew he was to succeed the managerial throne, would at the time have released Lavan outright to Mack. There must have been some working agreement by which Lavan was to revert back to the Browns, and this peculiar deal by which Rickey passed up his draft claim to the pick of the Kansas City Blues, giving Mack first choice, indicates further that there's a deal on with Mack.

Assistant Coach Needed. Rickey wants an assistant. He seeks somebody who will help him with the big squad at St. Petersburg next spring. Thomas is the man for the job and it's dollars to dimes that Thomas will be a Brownie in 1914.

Rickey's work to date deserves commendation. He has his team hustling and their effectiveness efforts have been rewarded with three victories in five starts since Branch assumed command. When one considers that the Browns are weakened by the loss of their three brightest stars—Hamilton, Stovall and Walker—there is even more reason to rejoice over Rickey's managerial debut. He must have won the respect of his players.

Taylor's Flash Good. The Browns, moreover, seem fortunate in securing a pitcher of Wiley Taylor's stripe. He has pitched bang up games every out and unless he proves a "flash," the club should be strengthened immediately. Taylor is a right-hander who should take his turn with Mitchell, Baumgardner, Hamilton and Leverage, rounding out a rather nifty hurling staff. Rickey insists that he will use Stovall in a trade. This may result in the addition of another promising man to the Browns ranks. Just now Rickey is playing Clyde Warren on second base. Warren is not a major league player, and has proved this conclusively. Clyde is on the shady side of his baseball career, not a year younger than 30. So there's a gap at second as Pratt probably will be shifted to first. If Lavan returns he undoubtedly will be shoved in at short. Randall, who now is in that berth may deliver on second. Austin will do on third, but with this inner defense, the club will be woefully weak with the stick. However, there's a chance that one star may be found in the back of recruits, and Rickey will be lucky if this man proves a second sacker. All in all, though, the Browns have a brighter outlook now than they had a year ago. There's reason to expect greater things under Rickey's regime.

### VAN REPERT WINS FROM SMITHERS IN SEMIFINALS

A Van Reper won a hard-fought match in the semifinal round of the city tennis tournament on the Triple A courts from Ed Smithers Wednesday, 3-6, 6-4, 7-5, 6-3. After Smithers had won the first two sets he had such a lead in the third set that he needed only 1 point to clinch the match. Van Reper then broke and by spectacular playing turned what seemed certain defeat into victory. Van Reper will play the winner of the Thompson-Holmes match in the final round Saturday.

## WRAY'S COLUMN

### At Last a Manager.

WHEN Branch Rickey, manager of the St. Louis Browns, makes an accounting to himself and the fans for his stewardship of the team, at the close of next season, he will not be able to shoulder off any blame on the club's owner, R. L. Hedges, as his predecessors have done.

Responsibility for past failures in the Kaw City draft right to Connie Mack, a little sidelight may be thrown on the situation next spring when John Lavan comes back to the ranks of the Browns.

This season "The Boss" has taken his hands off the wheel entirely and left to Rickey the task of guiding the ship through the rapids.

### Everybody Knew but Hedges.

FOR example: When Hedges returned from Florida, where he arranged for a spring training camp, one of the first bits of news to catch his eye was the announcement that Alexander had been sent to Oakland. He was dumfounded; for, before Agnew developed, Alexander was supposed to be the smart catching timber the club would need. "What! Did they release Alexander?" "They" being Rickey, indicates that the gentleman in question acted without consulting anyone but his own sweet will.

Another example: "Why did Rickey cancel his Kansas City draft in favor of the Athletics?" Hedges was asked. "Honestly, I can't answer that question," was the reply.

### Manager Must Have Power.

ALL of which spells the non-interference policy of the new Browns—one which should exist in every well-regulated club. Without such a condition no team can be expected to prove a success.

### Lavan to Return.

ALTHOUGH Hedges can not answer the question regarding the transfer

### SCHERER RETURNS TO PIKE ELEVEN; CAPTAIN IS HURT

Kammerer and Lewis Pass Examinations and Are Now Eligible to Team.

### HAWAIIAN GIANT JOINS W. U. FOOTBALL SQUAD

A HAWAIIAN giant, who reaches an altitude of 6 feet 3 inches and tips the beam at 200 pounds, has joined the Washington U. football squad, adding considerable beef to an otherwise lightweight aggregation. The newcomer is Mr. Kuhns of Honolulu, who is a student at the Pilakay medical school. He has played football on the island and is eager to make good on Coach Edmunds' squad. He will be out in a suit Thursday.

The return of George Scherer, the 185-pound end who for a time was inclined to matriculate this year at Wisconsin, and the reinstatement to good standing of "Pope" Lewis, 165 pounds, and Webb Kammerer, 165 pounds, both back field candidates, caused a boom in football stock at Washington University Wednesday afternoon.

With these three players eligible, Coach Edmunds has visions of rounding out a team that will successfully cope with the heavy schedule mapped out for the Pilakay. Kammerer cleared his last obstacle to eligibility by passing an exam in physics while Lewis got rid of a condition in French. Lewis is a punter and drop-kicker and is considered the logical successor to Dike Nipher, the clever star of past years.

Scherer Thursday registered as a member of the senior class and will be out for work no later than Friday. Despite his weight and fitness for a line berth, Coach Edmunds says he again will use Scherer at end.

The return of Captain and Quarterback Hardaway, Halfback Potthoff and Guard Ranson brought the squad of Wednesday evening up to 29. This is all odds the heaviest turnout seen at Francis Field in years. All that now is needed to round out a formidable team is the appearance of "Jersey" Perrineau. "Tis said that "Jersey" will be on duty Monday.

### Money No Object.

APPARENTLY Britons think that American teams are built up financially and are, in spirit, professional; that they themselves are justified in applying cash outlays for this same purpose. That it is Great Britain and not the United States which is in ignorance of the meaning of our amateurism is evident from this stand. As a matter of fact, England does comprehend the spirit of our athletic supply and will never believe that Olympic places are purely competitive until it investigates our system.

James E. Sullivan, in permitting the Thorpe case to slip past his nose, gave the only ground for criticism of American Olympic that has yet arisen. Nor is there the slightest chance for money to influence the assignment of a single athlete to the Olympic team.

### Principia Academy to Lift Ban on Football; Wagner Coaches Soldan

Football will be revived this year at Principia Academy after being under the ban for seven seasons. Principia is a Christian Scientist school at Page and Bell avenues and prospects now are that the team will be able to offer a keen argument against the other high schools.

Johnny Wagner, former star of Central High and C. R. C., is helping with the coaching staff and works with Coaches Kelly, Heers and Cook. Soldan is rapidly rounding into shape. The management is trying to book a game for Saturday with Belleville High to be played here.

Coach Green of Smith will mobilize his forces next Monday. The loss of Hickman and Hettricks will be a severe blow to Smith, but Capt. Henderson has hopes of rounding up a heavy team. The late start may militate against Smith's chances, however.

The Cleveland and Phillies still have a chance to win the pennant next year. The Browns will train on the west coast of Florida at a place called St. Petersburg, where the nine-foot sharks grow. Why wouldn't Key West be a good place to get keyed up, huh?

### Kennedy to Be on Scratch in 26-Mile Jaunt

Eighteen entries for the 26-mile and 384-yard marathon run from House Springs to the Columbian Athletic Club's athletic field, Sunday, have been announced. Of these, two are of such class that they are certain to be placed on scratch, when the handicappers are made out for the marathon by Charles Stevens.

With the exception of Hatch all the entries are of local repute, and none has won a race of this importance previously. Kennedy and Hatch are both winners of important distance events in the past.

### Yale Has Powerful Eleven, First 1913 Battle Shows

Expert Who Saw Old Eli Football Machine Run Over Wesleyan Thinks Opponents Will Have Tough Picking at New Haven.

NEW HAVEN, Conn., Sept. 25. YALE opened the season yesterday by defeating the strong Wesleyan eleven by the topheavy score of 21 to 0. The Blue turned out an eleven that seemed to be about of a size, that played fundamental football as few Eli elevens have played it and that gave plenty of promise for the rest of the season.

It may be that the Blue may make changes in the generalship later in the season; that Yale will settle down to a type of game that the average observer has associated hitherto with Yale; but at all events it is certain that the Eli will play something like old-fashioned, sound football.

In the defeat of Wesleyan the salient feature was the way in which the Yale back "switched" in leaving the secondary defense guessing most of the time. It is possible that the Eli could have played better all-round football, but the performance was almost above criticism.

The offense was built apparently around an attack that went outside of tackle and turned in sharply. What the future of Yale football may be no one can tell, but if today's work against Wesleyan is a fair sample, then the Blue will take a lot of beating.

The distressing feature of the Eli's work was the lack of generalship—that generalship that has kept the crimson at the top of the heap so many years. As to the attempt to shake a team together early in the season, Yale has always had a good line, and this year is no exception. There are, of course, few centers in the same class with Ketcham and from the center out the Yale line forwards of years ago. Especially in the positions near center is the Blue strong, Fendleton and Loughbridge measuring up to the guards of years ago.

Real Test for Yale Line. Against so strong a team as Wesleyan there was a chance to test the Yale line as there will not be for many days to come, and the fact that the forwards stood this test would seem to prove that Yale football is once more on its feet. The line, no member of which

### LANGFORD-SMITH FIGHT IS BARRED BY COMMISSION

Mixed Races Will Not Be Permitted to Meet in New York Boxing Rings.

NEW YORK, Sept. 25.—"For the good of the sport," the boxing commission has refused to withdraw its rule against "mixed bouts."

Whatever the result of this matter if threshed out in the courts, there is no doubt the weight of public sentiment is with the commissioners. The public would pay its money to see a Langford-Smith contest, but even those who pay and look on would do so with an inward disapproval of the match. If the public knew that an aviator was going to fall a mile into New York Bay at a certain hour curiosity would bring out a crowd. That wouldn't indicate that the crowd wanted the aviator to fall, or approved of a flight sure to end in such an accident.

With his limited experience, Gunboat Smith would have only a bare chance to beat Langford. He wants to meet the negro because a victory would make him one of the biggest money-getters in the ring. He's willing to gamble. He'd fight if he had a chance and it would make an exciting spectacle whether he lost or won.

## CONNIE MACK TO SEND RA THOMAS AND LAVAN HERE

Rickey Surrenders Kansas City Draft Rights in Return for Favor.

BROWNS NEED INFILDER

Second Base and Shortstop Two Berths That Will Worry New Manager.

By W. J. O'Connor,

Manager Rickey's action in passing up his claim to the pick of the Kansas City club and deferring this privilege to Connie Mack has the local fans guessing. They cannot reason out why Rickey did not pluck Catcher Pat O'Connor of the Blues, as the Browns could find employment for another good receiver. But this move will be explained in time.

Indeed, Rickey has his wires laid for several important deals this winter. One of these will be with Connie Mack, and unless all signs fail, Thomas and Johnny Lavan will show here next spring in Brown uniforms. Rickey is very sweet on Lavan and it's a 100 to 1 shot that the former Michigan man will play short for the Browns all through next campaign. It is unreasonable to suppose that Rickey, who undoubtedly knew he was to ascend the managerial throne, would at the time have released Lavan outright to Mack. There must have been some working agreement by which Lavan was to be sent to the Browns, and this peculiar deal by which Rickey passed up his draft claim to the pick of the Kansas City Blues, giving Mack first choice, indicates further that there's a deal on with Mack.

Assistant Coach Needed. Rickey wants an assistant who can handle somebody who will help him with the big squad at St. Petersburg next spring. Thomas is the man for the job and it's dollars to dimes that Thomas will be a Brownie in 1914.

Rickey's work to date deserves commendation. He has his team hustling and their effectiveness efforts have been rewarded with three victories in five starts since Branch assumed command. When one considers that the Browns are weakened by the loss of their brightest stars—Hamilton, Skovall and Walker—there is even more reason to rejoice over Rickey's managerial debut. He must have won the respect of his players.

Taylor's Plunk Good. The Browns, moreover, seem fortunate in snaring a pitcher of Wiley Taylor's stripe. He has pitched bang up games every out and unless he proves a "flash," the club should be strengthened in its presence next year. Taylor is a right-hander who should take his turn with Mitchell, Baumgardner, Hamilton and Leverage, rounding out a rather nifty hurling staff.

Rickey insists that he will use Skovall in a trade. This may result in the addition of another promising man to the Brown ranks. Just now Rickey is slaying Clyde Wares on second base. Wares is not a major league player, and has proved this conclusively.

Clay is on the shady side of his baseball career, not a year younger than 30. So there's a sad as Pratt probably will be shifted to first. If Lavan returns he undoubtedly will be shored in at short. Highland, who now is in that berth may deliver on second. Austin will do on third, but with this inner defense, the club will be woefully weak with the stick.

However, there's a chance that one star may be found in the batch of recruits, and Rickey will be lucky if this man proves a second sacker. All in all, though, the Browns have a brighter outlook now than they had a year ago. There's reason to expect great things under Rickey's regime.
